

County Gives 200 Per Cent of Quota

Rush County Raises Its War Relief Fund to \$21,656.45 in the Final "Drive"

MANY MAKE GOOD SHOWINGS

Richland Township Comes to Front Late But Has \$960.50 When Final Report is Made

RUSHVILLE IS ABOUT \$7,500

This Township May Have More Than This Sum as Proceeds of Fair Are Estimated

Counting Rushville township's contribution \$7,500, the total Red Cross War Relief fund in the county was found last night to be \$21,656.45.

This is more than two hundred per cent of the county's allotment, which was fixed at \$10,500. It is taken by consent that Rush county has done itself proud in the campaign closing last night. Rush county is proud of Anderson township's record, just as the state likewise should be proud of it.

Small contributions were still coming in today so that the total will be increased somewhat. There is some chance that it will reach \$22,000. Although the canvassers worked hard, there were some people who were missed. The canvassers in some cases made a second call but in every instance the solicitors did not have the time to do that.

Many persons were so interested in the work that they called at Red Cross headquarters and left their contributions without having to be solicited. An instance is cited where a farmer living in Rushville called last night and left a check for one hundred dollars. Another farmer yesterday called and left a check for twenty-five dollars, saying that he had never been seen by a canvasser but that he wanted to help. Many other cases of this sort are known.

Richland township proved the wonder and admiration of the county. All efforts of the Red Cross officers to get a meeting in that township were futile. But some men in Richland township were aroused Saturday night and Sunday morning they went to work. These men spent two days at it and they did not work on a "union" schedule either. Last night they reported \$960.50 contributed in two days.

Their township contribution, however, was raised one hundred dollars, making it \$790.50 because they showed where seventy dollars had been contributed by people in their township to the Anderson township fund, and thirty dollars had been given to the Noble township fund. There were deducted from Anderson and Noble and added to Richland.

Jackson township, too, did well in a final "drive" over Sunday. Red Cross officials never estimated Jackson township over \$300, but they came up with \$460.50 last night.

Center was not content with the thousand dollars raised at the meeting Sunday night and raised it yesterday to \$1,444. Washington township remained at one thousand, the sum raised at the meeting Sunday afternoon at Raleigh. There was no change in the total from Posey township reported yesterday and Noble reached \$625. Walker was also the same at the close as was reported yesterday.

The actual personal subscriptions in Rushville township totaled \$7,016.23. Last night it was estimated that at least \$500 would be realized off the Red Cross fair held the last

Membership in County is 3,214

Red Cross Officials Get Figures From Auxiliaries in County This Morning And Find That There Has Been a Great Growth During the War Relief Campaign.

ANDERSON NEAR 50 PER CENT

Since the Red Cross War Relief campaign has been in progress many members have been brought into the Red Cross. In many instances when subscribing to the War Relief fund, persons have requested that one dollar be held out for membership. Anderson township especially made a "drive" for members and was unusually successful, almost half of the population of the township being enrolled.

Because of these facts, the Red Cross officials this morning decided to take stock of the membership and tried to communicate with every auxiliary in the county. In one or two instances they were unable to reach the auxiliary officials, but in such cases the officials made a conservative estimate based on what they knew about the membership before the War Relief campaign. A tabulation of the reports received this morning revealed 3,214 members, approximately one-sixth of the population of the county. The Red Cross officials thought, when the chapter was first formed, they would be doing well to get two thousand members and for that reason the results are immensely pleasing.

The membership by auxiliaries is as follows:

Ripley	310
Posey	133
Walker	224
Orange	90
Anderson	665
Rushville	1000
Center	225
Washington	242
Union	150
Noble	100
Richland	75

Total 3214

OVERSUBSCRIBED AT LEAST A MILLION

Red Cross Relief Fund in Nation Surpasses Sum Asked For, With Money Still Coming In

INDIANA DOUBLES HER QUOTA

Practically Assured Today That Subscriptions Would Reach \$2,000,000

(By United Press.) Washington, June 26.—With the \$100,000,000 goal passed, the country started today to raise another subscription in the Red Cross campaign for funds.

At noon the total here showed \$101,000,000 with telegrams streaming in from all sections of the country promising more, although the campaign ended officially last night.

The eight-day campaign closed last night with rallies in many of the larger American cities. Although not officially announced, it is believed that New York's subscriptions will mount close to \$40,000,000 the city's quota.

The money streamed in last night at the rate of one million dollars an hour as the final "drives" were being made all over the United States.

INDIANAPOLIS DOES WELL

Raises \$500,000, One-Fourth of Sum Raised in Whole State

(By United Press.) Indianapolis, Ind., June 26.—Indiana doubled her allotment to the Red Cross relief fund.

This was practically assured today as contributions from all over the state continued to come into headquarters.

In a final effort last night, Indianapolis made her subscription \$500,000, one-fourth of the state's total. Indianapolis first placed its quota at \$300,000, then raised it to \$400,000 and finally exceeded that by \$100,000.

GRAND JURY IS CALLED

Investigation Ordered Because Disclosures in Fraud Trial

(By United Press.)

Indianapolis, Ind., June 26.—Orders were entered today for the calling of a federal grand jury in Indianapolis on Wednesday, July 11, the summons being the direct result of startling disclosures made during the trial of Chief of Police Samuel Perrott and five others who were found guilty of fraud in the 1914 election.

Perrott's bond was raised from \$5,000 to \$10,000. Bond for the other five men was raised to \$5,000 from \$3,000. All of the men obtained security.

Clarence Foster, son of Charles Foster living four miles east of Rushville, was operated on Sunday afternoon for appendicitis at the Sexton sanatorium.

The Rev. C. J. Bunnell will preach at the First Baptist church Thursday evening at seven-thirty o'clock. Every member is requested to be present.

Newcastle—Lloyd Weed, national guardsman, was sentenced to serve two to fourteen years for issuing fraudulent checks.

DRIVER LIKELY TO BE HELD BLAMELESS

Indications Are That no Blame Will be Attached to Carl Vandiver For Killing Baby

PROBABLY WAS UNAVOIDABLE

Investigation Shows That Vandiver Probably Hit Buggy in Trying to Dodge a Culvert

Indications are that no blame will be attached to the driver of the automobile which struck the buggy in which Mr. and Mrs. Carl Swinford and infant daughter, Mary Ellen were riding Sunday night, resulting in the death of the little baby. Carl Vandiver of Glenwood, driver of the runaway in which three other young persons were riding, took the tragedy deeply and immediately following the accident did everything possible for the heart-broken parents of the little child.

Examination yesterday by persons residing near the Lon Kerriek farm in Richland township, where the accident occurred, led to the belief that the accident was probably unavoidable, although the machine might have been running at too great a speed.

The examinations showed that Vandiver evidently hit the buggy in which the Swinford family was riding in dodging a culvert. The auto tracks showed that he pulled to the left, evidently intending to go around the buggy. But on seeing the culvert ahead the machine was again driven to the center of the road and thus struck the rig. It is the theory of the people who investigated that Vandiver tried to miss the culvert and in doing so hit the buggy.

Mrs. Swinford was thrown clear of the wreckage. The little baby was thrown in the opposite direction and directly in the path of the machine. The child was pulled from under the machine, when it was brought to a stop about sixty feet from where it hit the buggy.

Reports that the auto was running without lights were unfounded. The machine had some lights but they were not working properly and probably did not give the light that should have been given.

The funeral services of the little child will be conducted tomorrow afternoon in the Hoswell church near Neff's corner. Mrs. Swinford who was reported to be seriously hurt, was greatly improved today. She suffered more from the nervous shock than from actual injuries. Coroner Green has not completed his investigation and his verdict will probably not attempt to place the blame, merely stating the cause of death.

ASK WOMEN NOT TO STOP REGISTERING

Suffrage Workers Here Point Out That in Case Decision is Reversed, They Can Vote

205 REGISTERED UP TO TODAY

Of This Number Qualifying to Vote in County, About Half Are Women—Rush Continues

INJUNCTION PREVENTS WOMEN FROM REGISTERING

(By United Press.)

Indianapolis, Ind., June 26.—Judge Thornton in entering judgment today in the case in which he declared that women would not be allowed to vote for delegates to the constitutional convention, issued an injunction which prevents women from registering for the election of delegates. The injunction applies to all counties. The judge has advised women to bring suit to establish their right to vote in the coming city elections.

At the close of yesterday's session of the county registration board a total of 205 persons had registered for the special election to be held Sept. 18 to elect delegates to the constitutional convention. Of this number about one-half were women. It was at first feared that Judge Thornton's ruling holding that section of the law permitting women to vote for delegates unconstitutional, would have the effect of checking the registration of women here, but the rush continued today as usual.

The women are determined to register and then in the supreme court sustains Judge Thornton's opinion they will abide by the decision. Suffrage workers here were urging the women to continue to register, pointing out that it could do no harm and in case the decision of yesterday is reversed they then would be in a position to vote.

The Legislative Council of Indiana women is confident that the decision of Judge Thornton in the Marion county superior court yesterday afternoon will be reversed by the state supreme court, according to advices from Indianapolis today. It is stated that the organization is not discouraged in the least.

In connection with his opinion that the women of Indiana do not have a right to vote for delegates to the constitutional convention, Judge Thornton also held that the constitutional convention act is valid.

Regarding the right of the women to participate in the election of delegates and in the election to which the constitution will be submitted, Judge Thornton said: "It is elementary that the existing constitution continues in full force and effect until changed or destroyed by act of the sovereign people. It seems indisputable that there is no power under the constitution, except the sovereign people acting in accordance with their self-imposed laws, limiting methods of procedure, to enlarge the electorate so as to include as voters persons not eligible to vote upon amendments to the existing constitution. This is necessarily so, whatever may be the power of the legislature to define words for the purpose of its own legitimate enactments."

"The legislature can proceed only under the constitution. It would be contrary to its duty to that constitution to provide for its revision or alteration by a body of electors whose qualifications were different from those ascertained by the terms of that constitution. The power of the legislature to enact that women may be members of or vote for local or other subordinate boards of officers is of a different character. The existence of that power touching officers created by the legislature affords no basis for argument."

LIGHT VOTE IS RECORDED HERE

Mid-Afternoon Found About Two-Thirds of Ballots Cast in Rushville Township

BETTER IN OUT PRECINCTS

Party Workers Bend Every Effort To Get The Vote to the Polls At Late Hour

Indications were at two o'clock this afternoon that the vote in the congressional election today would be about two-thirds that of any other election. The vote in many precincts came in very slow. This was especially true in Rushville city.

Party workers faced a huge task late this afternoon getting the vote to the polls. It was an assured fact that the party that got its vote to the polls was going to win and a battle to get the party strength out was under way late today. Workers at the polls were sending out frantic appeals for machines and every effort was being made to get the voters to the polls.

From all reports the rural districts were voting heavier than in the city. This was strange, because the country vote was expected to be the most difficult to get out, especially since the farmers are so very busy.

Neither party in Rush county will cast its full party vote and there were some this afternoon who held that the vote would be the lightest cast in the history of Rush county. While every effort was made to bring the attention of the voters to the importance of the election, it was next to impossible to get their attention and hold it long enough to impress the fact that they should go and vote.

Reports from over the district indicated the same conditions as existed here. This meant a lot of hard work if a creditable showing was to be made before the polls closed tonight at six o'clock. Word from other parts of the district was to the same effect.

In Rushville city some of the election boards almost went to sleep this afternoon from a lack of something to do. At one precinct, No. 10 the board sent out and bought ice cream and straw berries and proceeded to have a feed.

The returns from the election should be in comparatively early tonight. There can be no scratched ballots and it should not take the

2 CHURCHES TO CO-OPERATE

The second of the series of community socials to be held in the county this summer by Rushville merchants, in conjunction with some church organization has been arranged for the night of July 4. Plans were made for one to be held at Glenwood last night. It will take place at the M. E. Church, but the United Presbyterian church, the only other one in Glenwood, will co-operate. E. R. Casady, Jack Knecht and A. Bogue were in Glenwood last night and make the arrangements.

The first one at New Salem last Wednesday night was an unqualified success. The church made over \$40 clear money and was very much pleased at the way the event was patronized. About one hundred automobiles went from here for the social and a good time was enjoyed by every one. A program similar to the one at New Salem will be arranged for the Glenwood social.

Amusements

Edith Storey and Antonio Moreno will be seen in the feature drama, "Money Magic" at the Princess tonight. It is said to tell a novel story and shows these two stars at their best. Tomorrow Nance O'Neil will be seen in feature "The Iron Woman." Friday night Clara Kimball Young will be seen in "The Easiest Way."

The Gem offers the next chapter of "Purple Mask" for the first picture of tonight's program. The second is a comedy, entitled "Defective Detectives." The program ends with the drama, "The Rebel's Net." Tomorrow Mary Miles Minter will be seen in the drama, "A Dream or Two Ago."

The Lyric will show the seventh episode of "The Perils of the Secret Service" for the first picture tonight. It is entitled "The Adventure of Yorker Norroy." In addition to the picture program the Imperial Trio will give a musicale program.

CARD OF THANKS

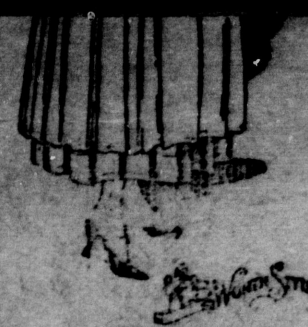

To our many neighbors and relatives and friends who so generously gave us assistance and sympathy during the illness and death of our dear daughter and sister, we wish to express our heartfelt thanks.

Particularly grateful are we to the Rev. Yocum for his kind words and to the quartette for their beautiful songs.

MR. and MRS. ARNOLD MULL and SONS.

An Added Attraction

The Imperial Trio of string instrument players will be the added attraction at the LYRIC TUESDAY NIGHT. They play nine different kinds of instruments and some here highly recommended. R. Patterson, H. Wallace and J. Bundy make up the trio and their playing has created a favorable impression everywhere they have exhibited.

The numerous guests at the home of Mrs. Lucy Meredith in North Morgan street yesterday afternoon enjoyed a demonstration of the Dunning system given by Mrs. Meredith, assisted by her pupils.

During the course of the afternoon Mrs. Meredith made an exhaustive explanation of the Dunning system, illustrating her remarks with exercises in which the children took part. Mrs. Meredith not only stated the theories which make up this system and her method of carrying them out, but also showed their practical value by exhibiting the ready progress and apt knowledge of the Dunning pupils. Evidence of their training was revealed in the exercises which included notation,

ear training, rhythm, dictation, transposition and melody writing. Interspersed with the demonstration were several musical numbers given by the children.

At the end of the program the guests were served with dainty refreshments, after which they enjoyed a social afternoon. The guest of honor for the occasion was Miss Elsa Nessel, a graduate of the Metropolitan school of music in Indianapolis.

Monday evening the Dunning Music Study club, which consists of the most advanced pupils, presented a musical recital which was very favorably received.

Those who took part in the afternoon program were: Mary Helen

About fifty enjoyed a wiener roast, last evening in the S. B. Anderson woods south of this city when the cabinet members of the Epworth League of the M. E. church entertained the associate members. They met at the M. E. church and motored to the woods where the sumptuous luncheon was spread and a delightful time was spent. Games were played and ukulele solos featured the evening. Miss Helen Sender, chairman of the social committee, was in charge of the affair.

Before leaving for Culver for school today, Jules Kiplinger entertained a number of his boy friends with a farewell party, last evening at his home in North Main street. After the splendid course dinner, the boys were entertained with games and a visit to the picture show furnished ample amusement during the evening.

Senreco

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—35 cents for a large 2 ounce tube.

COSTS ASSESSED TO WALKER

Action is Dismissed After he Refuses to Pay in 2 Other Cases

Judge Raymond Springer of Connersville was here a short time this morning, taking action in the conversion case of Alpheus P. Walker against A. B. Irvin and the Rushville Glove company. Judge Springer dismissed the case at Walker's costs. Some time ago he ordered the case dismissed if the costs in two former actions of a similar nature were not paid and gave the plaintiff, Walker, twenty days in which to pay them. He failed to do this and so Judge Springer dismissed the action.

Keep The Dollars Moving
Business is activity. Stagnation means decay. As there can be no life in stagnant waters, just so there can be none in stagnant business. Get this fact well in mind: Business activity comes not from hoarding, but from spending. What would the world do without its spendthrifts? They may carry a virtue to an extreme, but as to the effect on business, better far than the hoarding of the miser. We are urged to rally to the colors; we are urged to enter the army of the furrows; we are urged to consecrate our all upon the altar of our country, and we are urged to **PRACTICE THE STRICTEST KIND OF ECONOMY.**

The advice is conflicting. Our advisers should employ a different term from "economy." It is right that we eliminate waste—wanton waste that brings good to none. But quit spending? Never! That way lies business stagnation, want, and ultimate panic. Imagine a community entirely independent of the outside world. It has a combined capital of \$100,000, which is sufficient to carry on all of its business. But the cry of "hard times" goes out, purses are closed, and the result is inevitable. The world is composed of communities. In and between these communities the public life blood (gold) must flow if life be sustained. But stop the flow of that life blood and industrial decay and death is the inevitable result. We must earn, and keep on earning. And equally as important, we must spend, and keep on spending. Not waste, not reckless extravagance, but systematic, intelligent spending, that shall keep the golden life blood bounding through the commercial arteries of the nation, stimulating every nook and corner of the land to a well-nigh superhuman exertion. We must keep the armies of dollars moving if we would keep the living armies progressing. The idleness of one will insure the impotence of the other.

Count on Cola
In devising methods for raising additional revenue the senate finance committee should not overlook certain cola beverages dispensed at soda fountains and in bottles, the consumption of which is so enormous as to give some color to the notion that they are of a habit-forming character. It is reported that the sirup output of one of these cola companies whose principle factory is in Georgia, is so great as to be almost unbelievable. The advertising bill of this company alone is said to reach into the millions of dollars annually, and the profit on

this single beverage served at the fountain exceeds that realized from the sale of all the rest of the fountain drinks combined. It is noteworthy that when a town goes dry the sale of this beverage increases, which would indicate that there is some "kick" in it, whatever may be the active principle. At all events, this fruitful source of revenue is suggested to the committee having charge of revenue-raising.

Another Victim
It looks as if Dr. Frank R. Rutter was being blindfolded preparatory to walking the plank. Young Dr. Pratt has pried him out of the bureau of foreign and domestic commerce and he has been appointed commercial attache to Japan. Rutter was appointed under republican regime. His efficiency has somewhat dimmed the luster of Dr. Publicity Pratt, which probably accounts for the foreign assignment, but remembering the fate of A. H. Baldwin must cause Dr. Rutter some uneasiness of mind. Baldwin was supplanted by Pratt and then sent to London as our English commercial attache. He had been there but a short time when the Pratt pole-axe got in its work and Baldwin, one of the most competent men who ever directed a bureau, was left in the ditch. This Pratt chap appears to be a ruthless young person.

Glassware imports for 1914 totaled \$6,864,000, for 1916, \$2,414,000; tin plates, terme plates, and taggers tin 1914, 34,521,000 pounds, worth \$1,049,000, for 1916, 2,258,000 pounds, worth \$214,574. Some protection! The glass and tin manufacturers of West Virginia and Pennsylvania have reason to be prosperous, but Wales will get into the ring again before long, and Belgium will "come back."

Uncle Sam is distressingly slow in getting started, but here's hoping he hands the spiked hat an awful wallop when he gets there.

POLICE CHIEF IS DECLARED GUILTY

Jury in Federal Court Convicts S. V. Perrott and Five Other Police Officials

ONLY ONE IS ACQUITTED

Judge Geiger Allows Prisoners Until July 10 to Perfect Motions For New Trials

Indianapolis, Ind., June 26.—After deliberating for three hours a jury in the Federal Court last night returned a verdict of guilty in the case against Samuel V. Perrott, chief of police; Roy A. Pope, police captain; Wayland E. Sanders and Mortimer C. Hulse, police sergeants; Lee Stringer, city detective, and Herman Adam, inspector of weights and measures, charged with conspiracy in connection with the 1914 election in Indianapolis. Frank M. Johnson, patrolman, was acquitted. The maximum penalty is ten years in prison and a fine of \$5,000. The statute demands some imprisonment, but the extent of the punishment lies within the discretion of the court.

Charles W. Miller, chief counsel for the accused, immediately asked the court for sufficient time, before sentence is imposed, to file a motion for a new trial. Judge Ferdinand L. Geiger granted the prisoners until July 10 to perfect their motion for a new trial.

Chief of Police Perrott, after the verdict was announced, declined to make any comment or to intimate what action will be taken in the case. He smiled and said, "I have nothing whatever to say."

Not one of the defendants showed any indication of emotion regarding the verdict.

The case was given to the jury at 5:20 o'clock. Aside from an intermission of about forty minutes for the evening meal, the jury continued its deliberations until 9:02 o'clock, when word was sent by a bailiff that a verdict had been agreed upon. Counsel for the defendants were summoned hastily and within a short time the defendants themselves appeared in court, followed some time later by their attorneys, Michael A. Ryan and Charles W. Miller. Henry N. Spann, another attorney for the defendants, appeared a few minutes after the verdict had been announced.

Only a few spectators were in the court room and the large space behind the prisoners' seats was vacant. Noble C. Butler, clerk of the Federal Court, received the verdict from Frank E. Christoff, foreman of the jury. There was no demonstration following the verdict. Counsel for the government did not oppose the granting of extra time for filing a motion for a new trial. Frank C. Dailey, however, informed the court he would ask that the prisoners be required to give additional bond. Judge Geiger replied, "I expect the court will insist upon an increase in amount of the bonds in the morning, without request from the government."

The six men who were found guilty of conspiracy were ordered to appear in court at 9:30 o'clock this morning to adjust the matter of bond.

After two days of almost continuous argument the jury received its instructions from Judge Ferdinand E. Geiger and retired for deliberation at 5:15 o'clock. Frank C. Dailey, special attorney for the Department of Justice, completed the summing up for the government and the court gave an oral charge to the jury.

That there existed in Indianapolis early in October, 1914, and continued until after the election a conspiracy to intimidate and deprive citizens of their right to register and to vote, was the belief expressed by Judge Geiger in his instructions. The question he said, for the jury to decide was whether the seven defendants, or any of them, were guilty as charged in the indictment.

RECRUITS FOR ARMY SOUGHT

State Starts Work Doing Its Part Towards Raising 70,000 Volunteers Asked

GUARD COMPANIES ACTIVE

Few Have Reached War Strength and There Are Many Below Peace Strength

(By United Press.)

Indianapolis, Ind., June 26.—President Wilson's appeal for 70,000 volunteers during the week was being answered by Indiana today. Every effort was being put forward by the state council of defense, recruiting stations, and other organizations in order to have Indiana well toward the head of the column of states answering the appeal.

Business and professional men were giving their time in many cities of the state in encouraging the men to volunteer. Soap boxes were used by the orators who appeared on the street corners in Indianapolis and other means adopted to stimulate men to join the regular army.

The campaign fits in with another movement to procure recruits for the National Guard companies. Practically every city in the state having a National Guard company has redoubled its efforts to have the company at war strength when the call comes on Aug. 5.

In this city the registration board machinery is being used to aid in filling up the guard companies to full strength. Registrars have been asked to give their help in procuring recruits.

Particular attention is being given to the First Regiment of Field Artillery as it is highly probable that it will be summoned for federal service and mobilized at Ft. Benjamin Harrison shortly.

Few guard companies have recruited to war strength yet and there are some which are even below peace strength.

SENDS IN STATE'S SHARE OF THE TAXES

The semi-annual settlement sheet was sent to the state officials last week and the actual settlement was made today upon the approval of the sheet.

URGES FARMERS TO INCREASE SUPPLY

Livestock Shortage Exists in State, According to Statement From Purdue

LARD SUPPLY IS ONE-THIRD

(By United Press.)

Indianapolis, June 26.—Farmers are urged to take steps immediately to increase their supply of livestock, in a statement issued today by G. I. Christie, food director. There are more meat animals in the country now than ever before and the marketing of animals at early and ages when not fully fattened during the last 6 months has caused, according to the statement, another great reduction in the supply of meats.

"The supply of lard is only one-third that of last year," the bulletin states, "Since the western range states have suffered the worst winter and spring for live stocks in twenty-five years, that region cannot be expected to furnish large supplies at lower prices for several months.

"The supply of breeding animals must be conserved. Every good brood sow and gilt that can be cared for successfully, should be kept. If pastures can be procured for good breeding cows and heifers should not be sold for slaughter even though the prices are attractive. The quickest way of increasing meat supply is through a large crop of autumn pigs. All that may be cared for properly may be expected to be profitable."

County Gives 200 Per Cent of Quota

Rush County Raises Its War Relief Fund to \$21,656.45 in the Final "Drive"

MANY MAKE GOOD SHOWINGS

Richland Township Comes to Front Late But Has \$960.50 When Final Report is Made

RUSHVILLE IS ABOUT \$7,500

This Township May Have More Than This Sum as Proceeds of Fair Are Estimated

Counting Rushville township's contribution \$7,500, the total Red Cross War Relief fund in the county was found last night to be \$21,656.45.

This is more than two hundred per cent of the county's allotment, which was fixed at \$10,500. It is taken by consent that Rush county has done itself proud in the campaign closing last night. Rush county is proud of Anderson township's record, just as the state likewise should be proud of it.

Small contributions were still coming in today so that the total will be increased somewhat. There is some chance that it will reach \$22,000. Although the canvassers worked hard, there were some people who were missed. The canvassers in some cases made a second call but in every instance the solicitors did not have the time to do that.

Many persons were so interested in the work that they called at Red Cross headquarters and left their contributions without having to be solicited. An instance is cited where a farmer living in Rushville called last night and left a check for one hundred dollars. Another farmer yesterday called and left a check for twenty-five dollars, saying that he had never been seen by a canvasser but that he wanted to help. Many other cases of this sort are known.

Richland township proved the wonder and admiration of the county. All efforts of the Red Cross officers to get a meeting in that township were futile. But some men in Richland township were aroused Saturday night and Sunday morning they went to work. These men spent two days at it and they did not work on a "union" schedule either. Last night they reported \$960.50 contributed in two days.

Their township contribution, however, was raised one hundred dollars, making it \$790.50 because they showed where seventy dollars had been contributed by people in their township to the Anderson township fund, and thirty dollars had been given to the Noble township fund. There were deducted from Anderson and Noble and added to Richland.

Jackson township, too, did well in a final "drive" over Sunday. Red Cross officials never estimated Jackson township over \$300, but they came up with \$460.50 last night.

Center was not content with the thousand dollars raised at the meeting Sunday night and raised it yesterday to \$1,444. Washington township remained at one thousand, the sum raised at the meeting Sunday afternoon at Raleigh. There was no change in the total from Posey township reported yesterday and Noble reached \$625. Walker was also the same at the close as was reported yesterday.

The actual personal subscriptions in Rushville township totaled \$7,016.23. Last night it was estimated that at least \$500 would be realized off the Red Cross fair held the last

Membership in County is 3,214

Red Cross Officials Get Figures From Auxiliaries in County This Morning And Find That There Has Been a Great Growth During the War Relief Campaign.

ANDERSON NEAR 50 PER CENT

Since the Red Cross War Relief campaign has been in progress many members have been brought into the Red Cross. In many instances when subscribing to the War Relief fund, persons have requested that one dollar be held out for membership. Anderson township especially made a "drive" for members and was unusually successful, almost half of the population of the township being enrolled.

Because of these facts, the Red Cross officials this morning decided to take stock of the membership and tried to communicate with every auxiliary in the county. In one or two instances they were unable to reach the auxiliary officials, but in such cases the officials made a conservative estimate based on what they knew about the membership before the War Relief campaign. A tabulation of the reports received this morning revealed 3,214 members, approximately one-sixth of the population of the county. The Red Cross officials thought, when the chapter was first formed, they would be doing well to get two thousand members and for that reason the results are immensely pleasing.

The membership by auxiliaries is as follows:

Ripley	310
Posey	133
Walker	224
Orange	90
Anderson	665
Rushville	1000
Center	225
Washington	242
Union	150
Noble	100
Richland	75

Total 3214

No auxiliary has been established in Jackson township. People in that township who have joined are members of the Rushville branch.

three days of last week. This sum will not be known definitely until next Saturday. On Friday night representatives of the organizations participating will meet and report the money they made. Ample time is given them to square all accounts.

OVERSUBSCRIBED AT LEAST A MILLION

Red Cross Relief Fund in Nation Surpasses Sum Asked For, With Money Still Coming In

INDIANA DOUBLES HER QUOTA

Practically Assured Today That Subscriptions Would Reach \$2,000,000

(By United Press.) Washington, June 26.—With the \$100,000,000 goal passed, the country started today to raise another subscription in the Red Cross campaign for funds.

At noon the total here showed \$101,000,000 with telegrams streaming in from all sections of the country promising more, although the campaign ended officially last night.

The eight-day campaign closed last night with rallies in many of the larger American cities. Although not officially announced, it is believed that New York's subscriptions will mount close to \$40,000,000 the city's quota.

The money streamed in last night at the rate of one million dollars an hour as the final "drives" were being made all over the United States.

INDIANAPOLIS DOES WELL

Raises \$500,000, One-Fourth of Sum Raised in Whole State

(By United Press.) Indianapolis, Ind., June 26.—Indiana doubled her allotment to the Red Cross relief fund.

This was practically assured today as contributions from all over the state continued to come into headquarters.

In a final effort last night, Indianapolis made her subscription \$500,000, one-fourth of the state's total. Indianapolis first placed its quota at \$300,000, then raised it to \$400,000 and finally exceeded that by \$100,000.

GRAND JURY IS CALLED

Investigation Ordered Because Disclosures in Fraud Trial

(By United Press.) Indianapolis, Ind., June 26.—Orders were entered today for the calling of a federal grand jury in Indianapolis on Wednesday, July 11, the summons being the direct result of startling disclosures made during the trial of Chief of Police Samuel Perrott and five others who were found guilty of fraud in the 1914 election.

Perrott's bond was raised from \$5,000 to \$10,000. Bond for the other five men was raised to \$5,000 from \$3,000. All of the men obtained security.

Clarence Foster, son of Charles Foster living four miles east of Rushville, was operated on Sunday afternoon for appendicitis at the Sexton sanatorium.

The Rev. C. J. Bunnell will preach at the First Baptist church Thursday evening at seven-thirty o'clock. Every member is requested to be present.

Newcastle Lloyd Weed, national guardsman, was sentenced to serve two to fourteen years for issuing fraudulent checks.

DRIVER LIKELY TO BE HELD BLAMELESS

Indications Are That no Blame Will be Attached to Carl Vandiver For Killing Baby

PROBABLY WAS UNAVOIDABLE

Investigation Shows That Vandiver Probably Hit Buggy in Trying to Dodge a Culvert

Indications are that no blame will be attached to the driver of the automobile which struck the buggy in which Mr. and Mrs. Carl Swinford and infant daughter, Mary Ellen, were riding Sunday night, resulting in the death of the little baby. Carl Vandiver of Glenwood, driver of the runaway in which three other young persons were riding, took the tragedy deeply and immediately following the accident did everything possible for the heart-broken parents of the little child.

Examination yesterday by persons residing near the Lon Kerrick farm in Richland township, where the accident occurred, led to the belief that the accident was probably unavoidable, although the machine might have been running at too great a speed.

The examinations showed that Vandiver evidently hit the buggy in which the Swinford family was riding in dodging a culvert. The auto tracks showed that he pulled to the left, evidently intending to go around the buggy. But, on seeing the culvert ahead the machine was again driven to the center of the road and thus struck the rig. It is the theory of the people who investigated that Vandiver tried to miss the culvert and in doing so hit the buggy.

Mrs. Swinford was thrown clear of the wreckage. The little baby was thrown in the opposite direction and directly in the path of the machine. The child was pulled from under the machine, when it was brought to a stop about sixty feet from where it hit the buggy.

Reports that the auto was running without lights were unfounded. The machine had some lights but they were not working properly and probably did not give the light that should have been given.

The funeral services of the little child will be conducted tomorrow afternoon in the Howell church near Neff's corner. Mrs. Swinford who was reported to be seriously hurt, was greatly improved today. She suffered more from the nervous shock than from actual injuries. Coroner Green has not completed his investigation and his verdict will probably not attempt to place the blame, merely stating the cause of death.

ASK WOMEN NOT TO STOP REGISTERING

Suffrage Workers Here Point Out That in Case Decision is Reversed, They Can Vote

205 REGISTERED UP TO TODAY

Of This Number Qualifying to Vote in County, About Half Are Women—Rush Continues

INJUNCTION PREVENTS WOMEN FROM REGISTERING

(By United Press.) Indianapolis, Ind., June 26.—Judge Thornton in entering judgment today in the case in which he declared that women would not be allowed to vote for delegates to the constitutional convention, issued an injunction which prevents women from registering for the election of delegates. The injunction applies to all counties. The judge has advised women to bring suit to establish their right to vote in the coming city elections.

At the close of yesterday's session of the county registration board a total of 205 persons had registered for the special election to be held Sept. 18 to elect delegates to the constitutional convention. Of this number about one-half were women. It was at first feared that Judge Thornton's ruling holding that section of the law permitting women to vote for delegates unconstitutional, would have the effect of checking the registration of women here, but the rush continued today as usual.

The women are determined to register and then in the supreme court sustains Judge Thornton's opinion they will abide by the decision. Suffrage workers here were urging the women to continue to register, pointing out that it could do no harm and in case the decision of yesterday is reversed they then would be in a position to vote.

The Legislative Council of Indiana women is confident that the decision of Judge Thornton in the Marion county superior court yesterday afternoon will be reversed by the state supreme court, according to advices from Indianapolis today. It is stated that the organization is not discouraged in the least.

In connection with his opinion that the women of Indiana do not have a right to vote for delegates to the constitutional convention, Judge Thornton also held that the constitutional convention act is valid.

Regarding the right of the women to participate in the election of delegates and in the election to which the constitution will be submitted, Judge Thornton said: "It is elementary that the existing constitution continues in full force and effect until changed or destroyed by act of the sovereign people. It seems indisputable that there is no power under the constitution, except the sovereign people acting in accordance with their self-imposed laws, limiting methods of procedure, to enlarge the electorate so as to include as voters persons not eligible to vote upon amendments to the existing constitution. This is necessarily so, whatever may be the power of the legislature to define words for the purpose of its own legitimate enactments.

"The legislature can proceed only under the constitution. It would be contrary to its duty to that constitution to provide for its revision or alteration by a body of electors whose qualifications were different from those ascertained by the terms of that constitution. The power of the legislature to enact that women may be members of or vote for local or other subordinate boards of officers is of a different character. The existence of that power touching officers created by the legislature affords no basis for argument."

LIGHT VOTE IS RECORDED HERE

Mid-Afternoon Found About Two-Thirds of Ballots Cast in Rushville Township

BETTER IN OUT PRECINCTS

Party Workers Bend Every Effort To Get The Vote to the Polls At Late Hour

Indications were at two o'clock this afternoon that the vote in the congressional election today would be about two-thirds that of any other election. The vote in many precincts came in very slow. This was especially true in Rushville city.

Party workers faced a huge task late this afternoon getting the vote to the polls. It was an assured fact that the party that got its vote to the polls was going to win and a battle to get the party strength out was under way late today. Workers at the polls were sending out frantic appeals for machines and every effort was being made to get the voters to the polls.

From all reports the rural districts were voting heavier than in the city. This was strange, because the country vote was expected to be the most difficult to get out, especially since the farmers are so very busy.

Neither party in Rush county will cast its full party vote and there were some this afternoon who held that the vote would be the lightest cast in the history of Rush county. While every effort was made to bring the attention of the voters to the importance of the election, it was next to impossible to get their attention and hold it long enough to impress the fact that they should go and vote.

Reports from over the district indicated the same conditions as existed here. This meant a lot of hard work if a creditable showing was to be made before the polls closed tonight at six o'clock. Word from other parts of the district was to the same effect.

In Rushville city some of the election boards almost went to sleep this afternoon from a lack of something to do. At one precinct, No. 10 the board sent out and bought ice cream and straw berries and proceeded to have a feed.

The returns from the election should be in comparatively early tonight. There can be no scratched ballots and it should not take the

2 CHURCHES TO CO-OPERATE

The second of the series of community socials to be held in the county this summer by Rushville merchants, in conjunction with some church organization has been arranged for the night of July 4. Plans were made for one to be held at Glenwood last night. It will take place at the M. E. Church, but the United Presbyterian church, the only other one in Glenwood, will co-operate. E. R. Casady, Jack Knecht and A. Bogue were in Glenwood last night and make the arrangements.

The first one at New Salem last Wednesday night was an unqualified success. The church made over \$40 clear money and was very much pleased at the way the event was patronized. About one hundred automobiles went from here for the social and a good time was enjoyed by every one. A program similar to the one at New Salem will be arranged for the Glenwood social.

Wilson, who was killed, along with his son on August 17, 1916, when the automobile in which they were riding was struck by an I. & C. car at the Buell stop two miles east of the city, was filed against the traction company today in circuit court by Newton I. Gruell and Clem Gruell, administrators of the Wilson estate. The complaint alleges negligence on the part of the traction company and charges that no warning signal was given by the motorman of the car that hit the machine. The complaint does not mention the boy's death. Megee and Ross represent the plaintiff.

The statement declared that the Germans, surprised by the attack, lost heavily. Three hundred prisoners, including ten officers were taken.

The victory was all the more remarkable since it came at a time when the enemy was known to have concentrated vast reserves in almost the same region for the German counter offensive.

The numerous guests at the home of Mrs. Lucy Meredith in North Morgan street yesterday afternoon enjoyed a demonstration of the Dunning system given by Mrs. Meredith, assisted by her pupils.

During the course of the afternoon Mrs. Meredith made an exhaustive explanation of the Dunning system, illustrating her remarks with exercises in which the children took part. Mrs. Meredith not only stated the theories which make up this system and her method of carrying them out, but also showed their practical value by exhibiting the ready progress and apt knowledge of the Dunning pupils. Evidence of their training was revealed in the exercises which included notation, ear training, rhythm, dictation, transposition and melody writing. Interspersed with the demonstration were several musical numbers given by the children.

At the end of the program the guests were served with dainty refreshments, after which they enjoyed a social afternoon. The guest of honor for the occasion was Miss Elsa Nessel, a graduate of the Metropolitan school of music in Indianapolis.

Monday evening the Dunning Music Study club, which consists of the most advanced pupils, presented a musical recital which was very favorably received.

Those who took part in the afternoon program were: Mary Helen

Senreco

THE double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—Senreco gives you a new idea on mouth cleanliness.

Judge Raymond Springer of Connersville was here a short time this morning, taking action in the conversion case of Alpheus P. Walker against A. B. Irvin and the Rushville Glove company. Judge Springer dismissed the case at Walker's costs. Some time ago he ordered the case dismissed if the costs in two former actions of a similar nature were not paid and gave the plaintiff, Walker, twenty days in which to pay them. He failed to do this and so Judge Springer dismissed the action.

Keep The Dollars Moving
 Business is activity. Stagnation means decay. As there can be no life in stagnant waters, just so there can be none in stagnant business.

Get this fact well in mind: Business activity comes not from hoarding, but from spending.

What would the world do without its spendthrifts? They may carry a virtue to an extreme, but as to the effect on business, better far that than the hoarding of the miser.

We are urged to rally to the colors; we are urged to enter the army of the furrows; we are urged to conserve our all upon the altar of our country, and we are urged to **PRACTICE THE STRICTEST KIND OF ECONOMY.**

The advice is conflicting. Our advisers should employ a different term from "economy." It is right that we eliminate waste—wanton waste that brings good to none.

But quit spending? Never! That way lies business stagnation, want, and ultimate panic.

Imagine a community entirely independent of the outside world. It has a "combined" capital of \$100,000, which is sufficient to carry on all of its business. But the cry of "hard times" goes out, purses are closed, and the result is inevitable.

The world is composed of communities. In and between these communities the public life blood (gold) must flow if life be sustained. But stop the flow of that life blood and industrial decay and death is the inevitable result.

We must earn, and keep on earning. And equally as important, we must spend, and keep on spending. Not waste, not reckless extravagance, but systematic, intelligent spending, that shall keep the golden life blood bounding through the commercial arteries of the nation, stimulating every nook and corner of the land to a well-nigh superhuman exertion.

We must keep the armies of dollars moving if we would keep the living armies progressing. The idleness of one will insure the impotence of the other.

Count on Cola
 In devising methods for raising additional revenue the senate finance committee should not overlook certain cola beverages dispensed at soda fountains and in bottles, the consumption of which is so enormous as to give some color to the notion that they are of a habit-forming character. It is reported that the sirup output of one of these cola companies whose principle factory is in Georgia, is so great as to be almost unbelievable. The advertising bill of this company alone is said to reach into the millions of dollars annually, and the profit on

Green's August Flower
 Has been used for all ailments that are caused by a disordered stomach and inactive liver, such as sick headache, constipation, sour stomach, nervous indigestion, fermentation of food, palpitation of the heart caused by gases in the stomach. **August Flower** is a gentle laxative, regulates digestion both in stomach and intestines, steams and sweetens the stomach and alimentary canal, stimulates the liver to secrete the bile and impurities from the blood. 25 and 75 cent bottles. Sold by Pittman & Wilson—(Adv.)

This single beverage served at the fountain exceeds that realized from the sale of all the rest of the fountain drinks combined. It is noteworthy that when a town goes dry the sale of this beverage increases, which would indicate that there is some "kick" in it, whatever may be the active principle. At all events, this fruitful source of revenue is suggested to the committee having charge of revenue-raising.

Another Victim
 It looks as if Dr. Frank R. Rutter was being blindfolded preparatory to walking the plank. Young Dr. Pratt has pried him out of the bureau of foreign and domestic commerce and he has been appointed commercial attaché to Japan. Rutter was appointed under republican regime. His efficiency has somewhat dimmed the luster of Dr. Publicity Pratt, which probably accounts for the foreign assignment, but remembering the fate of A. H. Baldwin must cause Dr. Rutter some uneasiness of mind. Baldwin was supplanted by Pratt and then sent to London as our English commercial attaché. He had been there but a short time when the Pratt poleaxe got in its work and Baldwin, one of the most competent men who ever directed a bureau, was left in the ditch. This Pratt chap appears to be a ruthless young person.

Glassware imports for 1914 totaled \$6,864,000, for 1916, \$2,414,000; tin plates,terne plates, and taggers tin 1914, 34,521,000 pounds, worth \$1,049,000, for 1916, 2,258,000 pounds, worth \$214,574. Some protection! The glass and tin manufacturers of West Virginia and Pennsylvania have reason to be prosperous, but Wales will get into the ring again before long, and Belgium will "come back."

Uncle Sam is distressingly slow in getting started, but here's hoping he hands the spiked hat an awful wallop when he gets there.

If the Russians want to dispose of Ex-Czar Nick they can ship him over here. He'd make a fair second-class attraction in a freak dime museum.

Pershing was in luck. He dined with the king and stowed away a square meal without having to cough up a fortune for it.

Statistics Show 16,000 Were Arrested Last Year

(By United Press.)
 Indianapolis, Ind., June 26.—Sixteen thousand persons were arrested in Indiana last year on charges of intoxication, according to statistics compiled today by Henry A. Roberts, state statistician. Of this number 2110 were Indianapolis cases.

This made up the larger portion of those arrested in the state during the last twelve months. A total of 89,415 persons were taken into custody, for all offenses. Five thousand and sixty-nine were acquitted, suspended sentences 2,792 and 5,871 cases dismissed.

POLICE CHIEF IS DECLARED GUILTY

Jury in Federal Court Convicts S. V. Perrott and Five Other Police Officials

ONLY ONE IS ACQUITTED

Judge Geiger Allows Prisoners Until July 10 to Perfect Motions For New Trials

Indianapolis, Ind., June 26.—After deliberating for three hours a jury in the Federal Court last night returned a verdict of guilty in the case against Samuel V. Perrott, chief of police; Roy A. Pope, police captain; Wayland E. Sanders and Mortimer C. Hulse, police sergeants; Lee Stringer, city detective, and Herman Adam, inspector of weights and measures, charged with conspiracy in connection with the 1914 election in Indianapolis. Frank M. Johnson, patrolman, was acquitted. The maximum penalty is ten years in prison and a fine of \$5,000. The statute demands some imprisonment, but the extent of the punishment lies within the discretion of the court.

Charles W. Miller, chief counsel for the accused, immediately asked the court for sufficient time, before sentence is imposed, to file a motion for a new trial. Judge Ferdinand L. Geiger granted the prisoners until July 10 to perfect their motion for a new trial.

Chief of Police Perrott, after the verdict was announced, declined to make any comment or to intimate what action will be taken in the case. He smiled and said, "I have nothing whatever to say."

Not one of the defendants showed any indication of emotion regarding the verdict.

The case was given to the jury at 5:20 o'clock. Aside from an intermission of about forty minutes for the evening meal, the jury continued its deliberations until 9:02 o'clock, when word was sent by a bailiff that a verdict has been agreed upon. Counsel for the defendants were summoned hastily and within a short time the defendants themselves appeared in court, followed some time later by their attorneys, Michael A. Ryan and Charles W. Miller. Henry N. Spann, another attorney for the defendants, appeared a few minutes after the verdict had been announced.

Only a few spectators were in the court room and the large space behind the prisoners' seats was vacant. Noble C. Butler, clerk of the Federal Court, received the verdict from Frank E. Christoff, foreman of the jury. There was no demonstration following the verdict. Counsel for the government did not oppose the granting of extra time for filing a motion for a new trial. Frank C. Dailey, however, informed the court he would ask that the prisoners be required to give additional bond. Judge Geiger replied, "I expect the court will insist upon an increase in amount of the bonds in the morning, without request from the government."

The six men who were found guilty of conspiracy were ordered to appear in court at 9:30 o'clock this morning to adjust the matter of bond.

After two days of almost continuous argument the jury received its instructions from Judge Ferdinand E. Geiger and retired for deliberation at 5:15 o'clock. Frank C. Dailey, special attorney for the Department of Justice, completed the summing up for the government and the court gave an oral charge to the jury.

That there existed in Indianapolis early in October, 1914, and continued until after the election a conspiracy to intimidate and deprive citizens of their right to register and to vote, was the belief expressed by Judge Geiger in his instructions. The question he said, for the jury to decide was whether the seven defendants, or any of them, were guilty as charged in the indictment.

RECRUITS FOR ARMY SOUGHT

State Starts Work Doing Its Part
Towards Raising 70,000 Volunteers Asked

GUARD COMPANIES ACTIVE

Few Have Reached War Strength
and There Are Many Below Peace Strength

(By United Press.)

Indianapolis, Ind., June 26.—President Wilson's appeal for 70,000 volunteers during the week was being answered by Indiana today. Every effort was being put forward by the state council of defense, recruiting stations, and other organizations in order to have Indiana well toward the head of the column of states answering the appeal.

Business and professional men were giving their time in many cities of the state in encouraging the men to volunteer. Soap boxes were used by the orators who appeared on the street corners in Indianapolis and other means adopted to stimulate men to join the regular army.

The campaign fits in with another movement to procure recruits for the National Guard companies. Practically every city in the state having a National Guard company has redoubled its efforts to have the company at war strength when the call comes on Aug. 5.

In this city the registration board machinery is being used to aid in filling up the guard companies to full strength. Registrars have been asked to give their help in procuring recruits.

Particular attention is being given to the First Regiment of Field Artillery as it is highly probable that it will be summoned for federal service and mobilized at Ft. Benjamin Harrison shortly.

Few guard companies have recruited to war strength yet and there are some which are even below peace strength.

URGES FARMERS TO INCREASE SUPPLY

Livestock Shortage Exists in State,
According to Statement From
Purdue

LARD SUPPLY IS ONE-THIRD

(By United Press.)

Indianapolis, June 26.—Farmers are urged to take steps immediately to increase their supply of livestock, in a statement issued today by G. I. Christie, food director. There are fewer meat animals in the country now than ever before and the marketing of animals at early and ages, when not fully fattened during the last 6 months has caused, according to the statement, another great reduction in the supply of meats.

"The supply of lard is only one-third that of last year," the bulletin states. "Since the western range states have suffered the worst winter and spring for live stocks in twenty-five years, that region cannot be expected to furnish large supplies at lower prices for several months."

"The supply of breeding animals must be conserved. Every good brood sow and gilt that can be cared for successfully, should be kept. If pastures can be procured for good breeding cows and heifers should not be sold for slaughter even though the prices are attractive. The quickest way of increasing meat supply is through a large crop of autumn pigs. All that may be cared for properly may be expected to be profitable."
